**Note:** Information on planned values of indicators in this Statement is from updated business plan prevailing on the date of the Statement (for the first half of 2011 and also for the second half of 2010).

This document may contain forward-looking statements. Forward-looking statements are statements that are not historical facts; they include statements about our beliefs and expectations and the assumptions underlying them and are based on plans, estimates and projections as they are currently available to the management. Forward-looking statements therefore speak only as of the date they are made, and we undertake no obligation to update publicly any of them in light of new information or future events. By their very nature, forward-looking statements involve risks and uncertainties. A number of important factors could therefore cause actual results to differ materially from those contained in any forward-looking statement
